If you have stationery from 2022 that can be re-used eg a book bag or books that are still in good condition (and are the same as one required on the list) that can be continued in then please feel free to use these to start the year (but be aware that if using a book that is partially used then you will be required to purchase a new one during the year as this book is finished off).

Please ensure all stationery is named before the first day of school.
